*Re: Phase I Cultural Resource Survey
38.74-acre Mascoutah Development of Tracts 1 & 2
St. Clair County, Illinois*

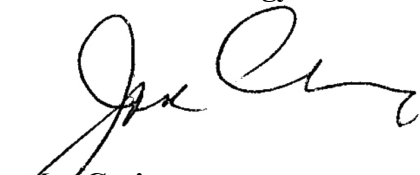

Dear Mr. Kruchten:

Enclosed are two paper copies and a digital copy of the Phase I cultural resource survey report for the above referenced project conducted in St. Clair, Illinois for Ambrosia Land Investments, LLC of Shiloh, Illinois. The project limits comprised two contiguous tracts (parcel numbers 10-29.0-100-007 and 10-29.0-100-008) totaling approximately 38.74 acres. As indicated in our report, one archaeological site was identified. Archaeological site 11S2217 was determined not to be significant and is ineligible for nomination to the National Register of Historic Places. No additional investigations are recommended for this project.

A SHPO log number has not been assigned to this project.

Please feel free to contact me if you have any questions.

Sincerely,
Prairie Archaeology & Research, Ltd.
